

Developing and Assessing a Tool for the Evaluation of College Students' Digital Literacy: A Case Study of Khon Kean University	Anucha SOMABUT & Grichawat LOWATCHARIN	506
The Development of Experimental Set on Internet of Thing (IoT) Based on Constructivist Theories to Enhance Ill-Structured Problem Solving for Engineering Students	Thawach THAMMABUT & Sumalee CHAIJAROEN	512
Reconsidering Digital Natives and Digital Immigrant in the Schools	Emelia Fantoza SARAIH, Su Luan WONG, Soaib ASIMIRAN, Mas Nida Md. KHAMBARI, & Mohd Majid KONTING	518
A Development of 3D Augmented Reality Mobile Application to Facilitating Ecotourism-based Herbal Learning in MFU Botanical Garden	Ratchanon NOBNOP, Charoenchai WONGWATKIT, Jintana WONGTA, & Karn SOPONRONNARIT	524
A Simulation Game to Diagnosing Major Depressive Disorder based on PHQ-9 for Psychiatrist Program in Thailand: An Evaluation of Game Interface Design and Prototype	Kanyakon KHAMWANG, Charoenchai WONGWATKIT, & Chitphon YACHULAWETKUNAKORN	534
Digital Game-Based Learning as an Innovation to Enhance Understanding and Motivation for Mathematics and Sciences Classroom	Issara KANJUG, Charuni SAMAT, Parnpitcha KANJUG, & Waranon MUNKONG	543
Digital Educational Resources Configuration Model and Mechanisms for K-12 in China	Jihong DING, Huazhong LIU, Mengsha WEN, Wenzheng YANG, & Bo JIANG	552
Portraits of Underprivileged Filipino Second Language Learners: Towards the Development of Computer-based Educational Game	Rex BRINGULA, Ma. Mercedes T. RODRIGO, Jaclyn L. OCUMPAUGH, Kaska PORAYSKA-POMSTA, Ibukun OLATUNJI, & Rose LUCKIN	562
Influence of Students' Perceived Ease of Use, Perceived Usefulness and Time Spent Towards Students' Continuance Intention Using MOOC among Public University Students	Aisha Aminu DANEJI, Mas Nida Md. KHAMBARI, & Ahmad Fauzi MOHD AYUB	569
Using Constructivism Learning Environment Management System to Flipped Classroom and Enhance an EFL'S English Reading Comprehension	Napalai TIJAI & Issara KANJUG	575
Development of Constructivist Cooperate Game Learning Environment Model to Enhance Problem Solving for Veterinary Students	Pennapa KUMPANG & Suchat WATTANACHAI	581
